November 2021 Snow News & Minutes

Presidents Corner

I am old I guess; I can remember the day we purchased our first groomer. That was a huge step for our snowmobile club and a very exciting day.

Do You Remember Our First Groomer?

We sure have come a long way

Well, we have come a long way since that day. We then were able to enter into an agreement where we leased the groomers Kutcha Farms. This worked out very well for our club for many years. But it was time for us and Tom Kutcha that we go in a different direction. With the help of Tom, the membership voted to purchase both groomers from Tom. An agreed price was established which was good for both parties and a payment program which allows us to manage our cash flow based on the income generated through state funding.

Toms on behalf of our club we want to thank you for all the years of support and service you provided for our club. For us it was a real pleasure working with you and your family.
